Lab 35b: resources: island water issues

1. Create a wall map of our surface water resources, including watersheds, rivers, and streams
2. Draw a profile map of our island, and to scale include the aquifers on a typical mountain
3. Explain how you might experience freshwater from these aquifers while at the beach
4. Explain why all freshwater wells on this island are "owned" by the Department of Water Supply
5. What would happen to your irrigation well if someone drilled a deeper one near you? why?
